You may contact Dr. Kymyona Burk, State Literacy Director, at kymyona.burk@mdek12.org for more information.

Literacy-Based Promotion Act

What is the Literacy Based Promotion Act?

The purpose of the Literacy-Based Promotion Act is to improve the reading skills of kindergarten and first through third grade public school students so that every student completing 3rd grade reads at or above grade level. The intent is to increase the proficiency of all students in reading by the end of their 3rd grade year of school.

3rd Grade Reading Summative Assessment:

- A student scoring at the lowest achievement level in reading on the established state assessment for 3rd grade will not be promoted to 4th grade.

Social Promotion:

- A student may not be assigned a grade level based solely on age or any other factor that constitutes social promotion.

Public School Requirements:

- If a K - 3 student has been identified with a substantial deficit in reading, the teacher will notify parents or legal guardians of the following in writing:
 - ✓ Determination of a substantial deficit in reading;
 - ✓ Description of student services and supports presently provided;
 - ✓ Description of proposed supplemental instruction and support to remediate the student's deficit areas;
 - ✓ Strategies for parents to use to help students at home; and,
 - ✓ Notification that student will not be promoted to 4th grade if reading deficiency cannot be remediated by the end of 3rd grade;
 - ✓ Provide intensive reading instruction and immediate intervention to each K - 3 student who exhibits a substantial deficiency in reading at any time.

Good Cause Exemptions:

- A 3rd grade student who fails to meet the academic requirements for promotion to the 4th grade may be promoted for good cause:
 - ✓ Limited English Proficient students with less than two (2) years of instruction in English Language Learner program;
 - ✓ Students with disabilities whose Individualized Education Program (IEP) indicates that participation in the statewide accountability assessment program is not appropriate, as authorized under state law;
 - ✓ Students with a disability who participate in the accountability assessment and who have an IEP or Section 504 plan that reflects that the student has received intense remediation in reading for two (2) years but still demonstrates a deficiency in reading or was previously retained in Kindergarten or First, Second or Third Grade;
 - ✓ Students who demonstrate an acceptable level of reading proficiency on an alternative assessment approved by the State Board of Education; and,
 - ✓ Students who have received intensive intervention in reading for two (2) or more years but still demonstrate a deficiency in reading and who previously were retained in Kindergarten or First, Second or Third Grade for a total of two (2) years and have not met exceptional education criteria.
- A student who is promoted to Fourth Grade with a good cause exemption shall be provided an Individual Reading Plan (IRP) which outlines intensive reading instruction and intervention informed by specialized diagnostic information and delivered through specific reading strategies to meet the needs of each student so promoted. The school district shall assist schools and teachers in implementing reading strategies that research has shown to be successful in improving reading among students with persistent reading difficulties.
